PACKEX INDIA 2021 – A PLATFORM FOR SUSTAINABLE GROWTH

PackEx India is a catalyst in bringing together new technologies in the Food and Beverage industry's packaging sector and its users. As every year, the exhibition brings you a plethora of opportunities to expand your network, generate new business and stay on top of the market.

The 15th edition of the exhibition is scheduled from 2-4 December 2021 at IECC, Pragati Maidan, New Delhi.

KEY TRENDS AND GROWTH FACTORS FOR THE FOOD & DRINK PACKAGING SECTOR IN INDIA

- The India Food & Beverage Packaging Market is expected to register a CAGR of 5% over the forecast period, 2020-2025
- India has seen sustainable packaging growth in Food & Beverage market due to the increase in packaged food consumption, awareness, and demand for quality products
- Nano-fabrication technologies are emerging as innovative solutions across the region to develop active materials for the design of packages, coatings, and packaging technologies, which helps maintain and improve the sensorial and nutritional characteristics and safety of foodstuffs, as well as increase their shelf life
- The growth of India's packaging market is primarily driven by various logistic applications, technological advancements, and the packaging sector's development across the country

TRADE FAIR HIGHLIGHTS

- The three-day exhibition and co-located events is a must-attend for every food & drink packaging industry professional
- PackEx India is the largest meeting place for industry peers to learn innovations in the field of packaging catering to food and beverage sector
- The exhibition will host knowledge-sharing platforms like live presentations, panel discussion and seminars on current trends and developments as well as on future advancement of the industry
- PackEx India along with its concurrent events like ANUTEC - International FoodTec India (Food & Drink Processing), ANUTEC - Ingredients India (Ingredients and Nutraceuticals for food & beverage), Food Logistic India (Logistics, Cold chain, Intralogistics, Warehousing and Transportation for food & beverage industry), is your one-stop-shop for the Food Technology Industry

#B-SAFE 4business

We look forward to reviving the industry together with you!

The essence of a trade fair is face-to-face interaction: in order to ensure that your networking is as safe and successful as possible, even in times of Corona, we have developed a series of measures in accordance with the Government authorities. These measures interlock seamlessly and regulate the cooperation at the trade fair. Our aim: to guarantee professional protection at the highest level and create an environment in which your business can grow again. For more details, visit www.packexindia.com
